Since its inception IIM-Ranchi curriculum has focused on bridging the gap between what is taught at a management institute and what is actually needed by businesses. This seminar hall will be the bridge between academia and the corporate world. I hope to see it emerge as a major learning centre where top CEOs, industry

experts and management Gurus from India and world-over can come and teach, interact and share their knowledge with students and faculty members here."

Director IIM Ranchi, Dr

Shailendra Singh said, "The contract for developing the IIM Ranchi campus was awarded in the year 2018 and within two years Institute has got its first building inaugurated today, for which credit goes to all the team members, contractor and the consultants."

Singh further said that Nathwani has provided great support to the Institute by giving his valuable time while inaugurating this man-made structure and not only a moral support but also a great finan-

cial support has been extended by Nathwani. His emotional attachment with the Institute and his guidance will always be needed in future for its growth, for achieving its other goals and objectives in the process of National building, he added.

The Chairman of Board of Governors of IIM, Ranchi, Praveen Panya expressed his gratitude for the support provided by Nathwani and expressed his feelings to keep his association with the Institute and also to visit the Institute physically after the Country defeats corona and people feel safe worldwide and as per his convenience.

IIM, Ranchi gives call to other such noble personalities and organizations in the Jharkhand and also from the Country at large to come forward to support the institute in building up the better infrastructure for the effective learning.
