

IIM-R joins CFA Institute University Affiliation Program

IIM, Ranchi entitled to award scholarships for the program

PNS:RANCHI

The Indian Institute of Management Ranchi, ninth IIM to be established in India, has become a part of the CFA Institute University Affiliation Program (UAP). The University Affiliation Program requires an institute to embed at least 70 per cent of the CFA Program Candidate Body of Knowledge (CBOK) into their

two-year MBA curriculum. The affiliation offers the Institute the chance to work with the CFA Institute to bring practical knowledge into classrooms. This benefits the students as they will gain access to invaluable insights about the industry from global industry practitioners through various sessions and learning opportunities. In addition, students receive

scholarships and fee waivers for the CFA Exam. Through this affiliation, IIM, Ranchi will also collaborate with the CFA Institute to bring examples of real-world learning to the classroom. The benefit for the students is that through numerous sessions and learning opportunities, they will have access to valuable industry insights from professionals from across the world.
