Empower India

On June 23, 2022 ABVCLPG, IIM Ranchi conducted a Roundtable Discussion on "RBI's payment guidelines on tokenization and its impact on digital adoption" in collaboration with Empower India with Dr. Aruna Sharma, retired IAS, Former Secretary, Govt. of India, who was the key speaker. During the discussion, she highlighted that the industry is still not ready to implement the tokenization framework. She also stated that the RBI has given a deadline and cemented its intention on tokenization but has not shown any interest in handholding smaller merchants to help adopt this mechanism. Additionally, speaking on the impact of tokenization on the ecosystem, Dr. Sharma expressed, "Ideally, the transition needs at least a year for players to comply with it. There will be a heavy burden on banks, affecting the speed of transactions. The RBI should assess the level of readiness of all stakeholders who are part of the value chain. Until the backend is ready, e-commerce platforms are equipped, and smaller merchants are included in the process, India's mission to become a digital economy would be incomplete."

MoU with the Jharkhand Education Project Council (JEPC)

On September 27, 2022, IIM Ranchi signed a memorandum of Understanding (MoU) for the next three years with the Jharkhand Education Project Council (JEPC), the Government of Jharkhand, to support the state government in establishing 405 Adarsha Vidyalaya (Model Schools) across Jharkhand.
